Free use of the thermal swimming pools and Spa for anyone who makes a cycle of at least 9 full thermal treatments

Thermal swimming pools

Our 5 swimming pools, 2 indoor and 3 outdoor, are filled with salty-bromine-iodine hyper-thermal water, coming from deep wells at a temperature between 28° and 36°. Featuring massaging water jets, Kneipp path, air and water combinations that stimulate muscle relaxation and psycho-physical well-being

Our prices include service and fares.

Spa Thalasso

It is ideal for treating your body and getting rid of toxins. An oasis based on the use of Himalayan pink salt combined with access to five fascinating thermal pools. The thermal water and the saline environment will help you to find the natural balance between body and mind.

Spa Aqva&Thermæ

The new Spa, overlooking the water, is designed according to a modern, energetic and relaxing concept. Hammam, Finnish and Russian sauna, ice room, Roman bath, geysers and showers offer our guests a 360° complete wellness package

Restaurant Le Magnolie

Veneto and Italy are rich territories of ancient culinary traditions which keep evolving.

The restaurant **Le Magnolie** continues the tradition of good food and the perfect balance of the Mediterranean diet, combining both aspects with the latest achievements of the international cuisine.

Our kitchen team takes particular care of guests who need a personalized diet, with gluten-free food or no allergens, or vegetarian and vegan meals.

Our cuisine is characterized by "homemade" and "handmade" practice and by innovative combinations of taste.

Our typical menu offers a rich buffet with salads and appetizers, followed by the choice of 3 main courses, 3 second course with side dishes, a buffet of cheese, fresh and cooked fruit, and 3 desserts.

For our most demanding guests, an extra à la carte or gourmet menu is available, on request.

Eco Friendly

Eco Friendly is an attitude

Our guests' wellness and physical and mental harmony for us at the Continental Terme Hotel, are bound to the well-being of the environment.

As Ernest Hemingway said in the '20s: *"I did not care what it was all about. All I wanted to know was how to live in it. Maybe if you found out how to live in it you learned from that what is was all about"*.

The Continental Terme Hotel is heated through a system which uses the natural thermal water temperature, 80°- 82° C. This process allows us to avoid using methane gas and has almost no environmental impact. Thus it is categorized as an eco-friendly facility.

As for water consumption, please refrain from letting it run unnecessarily. It is also possible to reduce the loads of washing in order to save water. This results in saving energy and limiting the diffusion of chemicals agents such as detergents.

For these reasons, please leave the towels hanging if you want to continue using them and throw them on the ground only when you wish to have them replaced. For our staff, if your linen is on the ground it means that you would like it to be replaced. The Continental Terme Hotel is near the train station and if you choose this way of travelling you contribute to reduce Co₂ emissions.

Useful Information

Check In: on the day of arrival rooms will be available after 2 pm.

Check Out: on the day of departure rooms should be left before 11 am.

To keep the room in the afternoon, when still available, an additional cost of € 35.00 will be charged.
